

TIER II MANAGER™

Slashing costs and Increasing productivity

A study has been conducted with existing TIER II MANAGER™ users to see how the solution is helping their agency cut unnecessary costs and increase agency productivity.

*Clients of the TIER II MANGER™ enjoy large participation rates with greater than 95% of businesses reporting online, saving thousands of hours of tedious data entry and filing of paper forms.

Total Savings up to \$50,000 annually.

*Users run advanced reports on their hazmat database for planning and compliance purposes. They no longer have to waste time doing this research manually.

Total Savings up to \$2,500 annually.

*Administrators can send out automatic notifications through the program instead of sending out hardcopy mailings. This reduces time, effort and postal costs for our clients.

Total Savings up to \$5,000 annually.

*Responders use the tool to quickly and effectively plan for each site's Hazard Analysis and Emergency Response Plans.

Total Savings up to \$3,000 annually.

*Facilities automatically generate online invoices based on system data, saving time and money on postal costs, resources, and reduced errors.

Total Savings up to \$7,000 annually.

Final Annual Savings up to \$67,500

*2009 Cost Savings Study Results from TIER II MANAGER™ users.
